ASIAN INDUSTRY B2B  
RESOLUTION IN OPPOSITION TO ACA 5

Whereas, Asian Industry B2B is a non-profit corporation engaged in encouraging quality business professionals to have a positive impact in their communities; and

Whereas, Asian Industry B2B holds educational events for business professionals on community and business issues and civic responsibility; and

Whereas, Proposition 209, the California civil rights constitutional amendment, prohibits race-based and sex-based policies and practices for admission to state colleges and universities, for government employment hiring, practices and promotions, and for public contracts; and

Whereas, ACA 5 would legitimize race-based and sex-based discrimination for education, government employment hiring, practices, and promotions, and public contracting by repealing Proposition 209; and

Whereas, race-based and sex-based discrimination violate the United States Constitution and federal legislation;

Whereas, ACA 5 would violate the U.S. Constitution and federal legislation; and

Whereas, Proposition 209 has substantially improved the rates of underrepresented racial minorities and females in higher education admissions, employment and promotions; and

Whereas, ACA 5 will reverse the successful achievements of Proposition 209 by having a disparate effect on students, business professionals, employees, and communities of all races and sexes;

NOW THEREFORE BE IT RESOLVED THAT Asian Industry B2B urges

1. California elected legislators to VOTE NO ON ACA-5; and
2. California voters to VOTE NO ON ACA-5

DATED: 6-17-20
